23.00100 Language Arts/Grade Kindergarten

In kindergarten, English Language Arts instruction introduces students to the foundational skills necessary for literacy development, including concepts of print, phonological awareness, and the ability to decode and encode words in context and in isolation. Students learn the relationships between the sounds of spoken language and the letters of written language, building early reading and spelling skills. Oral language expands through structured speaking and listening experiences that promote vocabulary growth and the use of complete sentences and basic grammar. Students develop handwriting and fine motor skills as they transcribe oral language into written text. They begin composing written work for a variety of purposes and audiences and will continue to develop their skills across multiple modes and genres. This subject must utilize the K–2 standards and kindergarten expectations outlined in Georgia's K–12 English Language Arts (ELA) Standards.
